## **E-GOVERNANCE POLICY (EGP)**

**Approved by the U. N Brahma College Governing Body**

### **Introduction:**

The rapid digitalization of all human activities and endeavors has necessitated the adoption of policy for e-government in the academic institution as well. E-Governance is the need of the hour to ensure efficiency, swiftness and transparency in the administrative and managerial activities. In fact, as an important form of ICT interaction in education that can help in improving transparency, E-Governance provides speedy information, dissemination, improving administrative efficiency and public service in all the aspects of education.

U.N Brahma College adopted an E-governance policy with the objective of incorporating electronic inputs in various administrative and managerial activities as well as services such as administration, examination, finance, library and admission etc. This policy also intends to achieve efficiency in all the operations in college in order to ensure transparency, clarity and accessibility.

### **Policy objectives:**

1. To implement e-governance in all kinds of functioning of the college with a view to provide a simpler and efficient system within and outside the institution.
2. To promote transparency and accountability in all the functions of the college.
3. To achieve and create a paperless working culture in the college.
4. To provide an easy and quick access to information.
5. To make the college campus Wi-Fi enabled.
6. To make classroom ICT enabled.
7. Full automation of the college library.

### **Responsibility:**

For implementation of e-government policy of U.N Brahma College a supervisory cell is to be formed with due approval from the governing body. The cell will be named as ITC cell which consists of the following-

- A) Chairman: principal of U.N Brahma College
- B) Convener: one senior faculty member
- C) Members: five members (at least one each from office and library).

### **Areas of implementation:**

The e-government of U.N Brahma College covers a wide range of activities and services of the college. The policy will be implemented in the following areas-

**Administration:** The E-government covers various type of administrative service and activities of the college. It provides a hassle free, convenient prompt administrative environment in the college. In addition, it will covers attendance management software for teaching faculty, office staff and student to record and track attendance internal assessment, file management system tools to maintain effective database, availing scholarship etc. the policy emphasizes communication to all stakeholders of the college through e-mode such group SMS,WhatsApp group website notification etc.

**Admission:** The policy advocates an open transparent strategy for the students' admission process through online mode. The college will bring its brochure to be displayed on the college notice board stating process and guideline for the admission process. All admission related matters including publishing of merit list in, fee submission etc shall be manage through the portal.

**Finance:** The policy advocates incorporation of electronic strategies and accounting. The college needs to use software like public financial management system to manage the funds received from the government; fine Assam to automatically calculate the salary, generate salary slip, and disperse the salary to the account; TDS, NEFT, RTGs, SBI collect Bill Desk etc. The policy advocates the training to the existing staffs and up-gradation of the existing software on regular basis.

**Examination:** The policy advocates an open and transparent strategy for the students' examination form-fill up process through online mode. The college brings out its brochure to be display on the college notice board stating process and guideline for the form-fill up process. Examination related matters including publishing of sessional exam routine affiliated university external examination schedule shall be manage through the portal.
